WHO MAY PRACTICE—DIPLOMA.

SECTION 1. *Be it enacted by the People of the State of Illinois, represented in General Assembly,* That it shall be unlawful for any person, who is not at the time of the passage of this act engaged in the practice of dentistry in this State, to commence such practice unless such person shall have received a diploma from the faculty of some reputable dental college, duly authorized by this State, or of some other of the United States, or by the laws of some foreign country, in which college or colleges there was at the time of the issue of such diploma, annually delivered a full course of lectures and instructions in dental surgery; *Provided* that any person removing into this State, who shall have been for a period of ten years prior to such removal a practicing dentist; and, provided also, any person holding the diploma of doctor of medicine from any reputable medical college, shall be entitled to practice dentistry in this State, upon obtaining a license for that purpose as hereinafter provided; and nothing in this act shall be construed to prohibit any physician or surgeon from extracting teeth.

BOARD OF EXAMINERS CREATED—DUTY—APPOINTMENT.

§ 2. A Board of Examiners, to consist of five practicing dentists, is hereby created, whose duty it shall be to carry out the purposes and enforce the provisions of this act. The members of said Board shall be appointed by the Governor. The term for which said Board shall hold their offices shall be five years, except the members of this Board first to be appointed under this act shall hold their offices for the term of one, two, three, four and five years, respectively, and until their successors shall be duly appointed. In case of a vacancy occurring in said Board, such vacancy shall be filled by the Governor.

ORGANIZATION OF THE BOARD.

§ 3. Said Board shall choose one of its members President and one Secretary thereof, and it shall meet at least once in each year, and as much oftener and at such times and places as it may deem necessary. A majority of said Board shall at all times constitute a quorum, and the proceedings thereof shall, at all reasonable times, be open to public inspection.

WHO MAY PRACTICE—REGISTRATION.

§ 4. It shall be the duty of every person who is engaged in the practice of dentistry in this State, within six months of the date of the passage of this act, to cause his or her name and residence or place of business to be registered on the

books of said Board of Examiners, who shall keep a book for that purpose; and every person who shall so register with said Board as a practitioner of dentistry, may continue to practice the same as such, without incurring any of the liabilities or penalties provided in this act.

PERSONS NOT REGISTERED—MUST BE EXAMINED.

§ 5. No person whose name is not registered on the books of said Board as a regular practitioner of dentistry, within the time prescribed in the preceding section, shall be permitted to practice dentistry in this State until such person shall have been duly examined by said Board and regularly licensed in accordance with the provisions of this act.

EXAMINATION—LICENSE.

§ 6. Any and all persons who shall so desire, may appear before said Board at any of its regular meetings and be examined with reference to their knowledge and skill in Dental Surgery, and, if the examination of any such person or persons shall prove satisfactory to said Board, the Board of Examiners shall issue to such persons as they shall find from such examinations to possess the requisite qualifications, a license to practice Dentistry in accordance with the provisions of this act. But said Board shall, at all times, issue a license to any regular graduate of any reputable Dental College without examination, upon the payment of such graduate, to the said Board, of a fee of five dollars. All licenses issued by said Board shall be signed by the members thereof, and be attested by its President and Secretary; and such license shall be *prima facie* evidence of the right of the holder to practice Dentistry in the State of Illinois.

TEMPORARY LICENSE.

§ 7. Any member of said Board may issue a temporary license to any applicant, upon the presentation by such applicant of the evidence of the necessary qualifications to practice Dentistry, and such temporary license shall remain in force until the next regular meeting of said Board occurring after date of such temporary license, and no longer.

VIOLATION—PENALTY.

§ 8. Any person who shall violate any of the provisions of this act shall be liable to prosecution before any court of competent jurisdiction, in the name of the People of the State of Illinois, and upon conviction may be fined in any sum not less than twenty-five dollars, nor more than one hundred dollars, for each and every offense. All fines and penalties recovered under this act shall be paid to the Illinois State Board of Dental Examiners for their use.

FEES—PER DIEM—EXPENSES—REPORT.

§ 9. In order to provide the means for carrying out and maintaining the provisions of this act, the said Board of Examiners may charge each person applying to, or appearing before them for examination for license to practice Dentistry, a fee of ten dollars, and out of the funds coming into the possession of the Board from fees so charged, the members of said Board may receive as compensation the sum of five dollars for each day actually engaged in the duties of their office, and all legitimate and necessary expenses incurred in attending the meetings of the said Board. Said expenses shall be paid from the fees and penalties received by the Board, under the provisions of this act. All moneys received in excess of said per diem allowance and other expenses above provided for, shall be held by the Secretary of said Board as a special fund for meeting the expenses of said Board, by giving such bond as the

Board shall, from time to time, direct. And said Board shall make an annual report of its proceedings to the Governor, by the fifteenth of December of each year, together with an account of all moneys received and disbursed by them pursuant to this act.

LICENSE TO BE FILED WITH COUNTY CLERK—FEES—PENALTY.

§ 10. Any person who shall be licensed by said Board to practice Dentistry shall cause his or her license to be registered with the county clerk in the county in which such person may reside to engage in the practice of Dentistry, within six months from its date, and the date of registering shall be endorsed thereon. The county clerks of the several counties in this State shall charge a fee of twenty-five cents for registering such license. Any person holding such license who removes to another county, or desires to practice in more than one county, shall register his or her license as above directed in each of such county or counties. The holder of a license shall not practice in a county until his license is registered in such county. Any failure, neglect or refusal to register the license in some one county in this State, for a period of six months from the date of issue, shall work a forfeiture of the license, and no license, when once forfeited, shall be reissued, except upon payment to the State Board of Dental Examiners of a penalty of twenty-five dollars for such failure, neglect or refusal.

RULES AND REGULATIONS OF THE ILLINOIS STATE BOARD OF DENTAL EXAMINERS.

RULE I.

LICENSES ON DIPLOMAS.

A holder of a regular diploma from a dental college in good standing with the Board can obtain a license as follows:

On application to the Secretary of the Board of Dental Examiners a blank form for verifying the diplomas will be furnished. The applicant will properly fill out the same and make oath as to its correctness before a notary or other officer authorized to administer oaths. The applicant will be required to have attached the signatures of two reputable persons who have seen the diploma and know the applicant, for which a proper place in the blank is prepared (registered dentists or physicians preferred). When so filled out and sworn to, the blank should be returned to the Secretary with the fee of \$5.00 and postage, when if in form the license will be issued.

No licenses will be issued to non-residents of this State unless the applicant proposes to begin the practice in this State at once.

RULE II.

LICENSES ON EXAMINATION.

Every applicant for a license not holding a diploma from a college recognized by the Board as in good standing, must appear for examination at a meeting of the board. If such person desires to commence practice before the regular meeting of the Board of Examiners, he must apply to some member of the Board for final examination. A temporary license may be renewed once upon good cause shown, but no oftener.

A charge of \$10 will be made for the examination for a temporary license which must be paid by the applicant in advance.

RULE III.

Any person may come before the board at any of its regular meetings for examination in the several branches of dentistry, and if found proficient, the Board will issue to said candidate a license to practice. An average of at least 80 per cent in all branches will be required. If an applicant falls below 50 per cent in any one branch, he shall fail to pass, but may take the examination again at any meeting. Every candidate should notify the Secretary of the Board of his intention to be examined one week before the examination takes place.

RULE IV.

PERMANENT LICENSES.

No permanent license will be issued to any candidate on examination, except after examination, by the Board at a regular meeting.

RULE V.

RECOGNITION OF DIPLOMAS.

No dental college will be recognized as reputable which does not comply strictly with the following:

SCHEDULE OF MINIMUM REQUIREMENTS.

Sub-Rule I. Conditions for matriculation.

1. Certificate of good moral character.
2. Evidence of a good English education, to be shown by a diploma from recognized literary or scientific institution, high or normal school, or first grade teacher's certificate, or, in the absence of these, an examination in the branches of a good English education.

Sub-Rule II. Full courses of didactic lectures and instruction must be given of not less than six months' each, embracing the following subjects, viz.: Anatomy, histology, surgery, physiology, pathology and hygiene, materia-medica, chemistry, therapeutics, operative or clinical dentistry, prosthetic dentistry and orthodontia, bacteriology, operative technics and metallurgy.

There must also be proper clinical instruction in the operating rooms and practical work in the chemical and prosthetic laboratories and dissecting rooms.

Sub-Rule III. Attendance on examination, quizzes and clinics. Attendance upon the entire courses as named above will be required, deductions of not exceeding 20 per cent to be allowed for sickness and unavoidable absence. Quizzes must be held at least once in each week in each branch.

Sub-Rule IV. Conditions of graduation; time of professional studies.

Candidates for graduation must have attended three regular courses of lectures as above stated, and must pass satisfactory examinations in the above named branches. They must also furnish credible evidence of having spent not less than three calendar years in the study of dental surgery, or medicine, surgery and dental surgery (in which last case not less than two full calendar years must have been spent in the study of dental surgery proper), and all of these studies must have been under the direction of competent preceptors.

Sub-Rule V. Facilities and equipment.

The college must have suitable and proper facilities and equipment as regards lectures, chemical laboratory, dissecting rooms, operating rooms and prosthetic laboratory. All of the practical instruction to be under the constant direction of qualified superintendents or demonstrators.

Sub-Rule VI. Advanced standing; requirements and conditions.

Applicants for advanced standing must be required to furnish a certificate from the dean or other officer of some college recognized as in good standing by the Board, showing that such student has matriculated and attended the lectures and clinics of one or more courses, as required above, and if such certificate does not show that the student has passed all the branches embraced in the course or courses attended, he must be submitted to and must pass an examination in the same before being admitted to the advanced standing. Every student must have attended at least one year of the course in the college graduating him. But this shall not be so construed as to prevent an examination in all such branches before admission at the option of the faculty.

Sub-Rule VII. Application for recognition.

The Secretary is not authorized to issue the license of the board upon diplomas of colleges not previously recognized.

Any such colleges, in order to obtain recognition, must through their officers make application to the board, accompanying it with authenticated copies of the announcements, schedules of lectures, quiz and examination questions or so much of them as the board may require, to form an intelligent judgment; and there should be also furnished a statement of the equipment and facilities of the institution, and its legal status in other states, particularly its home state, if not located in Illinois.

Sub-Rule VIII. Rights reserved.

Although a college may have been recognized by the Board as reputable yet the Board reserves the right to withdraw such recognition at any time when it may deem it for the best interests of the public to do so. The failure of any college to live up to its professions and published announcements may involve such a withdrawal of recognition. The President and Secretary of the Board are instructed to suspend such recognition, pending an investigation, when any charges or facts shall come under their cognizance affecting the standing of such college.

Sub-Rule IX. Additional requirements.

In addition to the minimum requirements of the board, colleges will be held to a strict compliance with all of their own published requirements, and to the observance of all rules which they profess to observe; and any material deviation therefrom coming to the knowledge of the Board will be held sufficient grounds for suspension of recognition as above stated.

RULE VI.

This body is and shall be known as the Illinois State Board of Dental Examiners.

RULE VII.

As many meetings of said board shall be held each year, and at such time and places as any three or four members thereof may determine, provided however, that at least one meeting of the board in each year shall be held.

RULE VIII.

Due notice of all meetings shall be given by publication in at least one dental journal published in this State, and by the Secretary of said Board mailing a notice to each person, who may notify him of his or her desire to attend any meeting of said Board.

RULE IX.

Examination shall be oral or in writing or partly oral or partly written, and the Board may determine, and shall be held in the English language.

RULE X.

Said Board may employ an attorney to be paid out of the funds of the Board, but must be under the restrictions of Rule 12. Said attorney shall prosecute and defend all cases for and against the Board, and to attend to all its legal business.

RULE XI.

Said Board may employ an agent, whose duty it shall be to report to the Board or its Attorney the names of all persons who he believes to be practicing dentistry unlawfully. His compensation shall be fixed by the Board.

RULE XII.

Said Board shall not contract any debts beyond the amount of money they have on hand to pay.

RULE XIII.

Any dentist desiring to practice dentistry in any county must record his license with the county clerk of said county before he begins to practice.

RULE XIV.

No person, firm, company or dental parlors shall commence the practice or solicit dental work unless the names of all persons composing such person, firm, company or dental parlors appear on their signs, cards or advertisements, and all of said persons must be registered dentists.

RULE XV.

No corporation shall be allowed to commence the practice of dentistry in this State.

RULE XVI.

Any dentist who shall associate himself with any person who is not a registered dentist for the practice or commencing the practice of dentistry, shall have his license revoked.

RULE XVII.

No person except a registered dentist shall hold himself or herself out to the public as a dentist for the purpose of securing patients although the work may be performed by registered dentists. The law makes no provision for assistant dentists, and an unregistered dentist with a separate chair can not work under a registered dentist.

RULE XVIII.

Any person who holds him or herself out to the public as a dentist in any manner by card, sign, advertisement, or office, shall be deemed to have commenced the practice of dentistry.

RULE XIX.

Any dentist wilfully violating the dental laws or any rule of this dental board shall have his or her license revoked by the Board upon giving ten days' notice and upon proof of the charges.

RULE XX.

All rules in conflict with the foregoing are hereby repealed.

D., after the name, denote that the person so distinguished is a graduate of a Dental College, and a "Doctor of Dental Surgery," "Doctor of Medicinal Dentistry," etc. The term "Reg." denotes that the person was a practitioner at the time of the passage of the law, and "Exam." denotes license granted upon examination.
